

Manulife Bank Select: Make the most of your account!

Once your Manulife Bank Select account is open, you can start taking advantage of the many great features that come with your new high-interest chequing/savings account.

Use the following checklist to identify your current banking needs that can now be managed through your Manulife Bank Select account.

Income and savings

- Contact your payroll department and request that your income be deposited to your Manulife Bank Select account; you will likely need to supply them with a void cheque. You can easily print a void cheque by:
 - Signing into your online banking account at manulifebank.ca, and
 - Selecting “Print a Void Cheque” from the main menu.
- Set up your automatic pre-authorized deposits to go into your Manulife Bank Select account (e.g. tax refund, investment income, etc.)
- If you plan to keep an account open at another financial institution, complete and submit our [Funds Transfer Agreement](#) so you can move funds between your accounts in the future.

Expenses and loans

- Set up your pre-authorized payments. Contact your service providers and ask to have your bills paid automatically from your Manulife Bank Select account (e.g. monthly RRSP contributions, insurance premiums, utility payments, property tax, etc.).
- Set up your bill payments. You can set them by using either our online banking service, our [mobile banking app](#), or by calling us at 1-877-765-2265.

Expense checklist

- | | |
|--|---|
| <input type="checkbox"/> Hydro | <input type="checkbox"/> Life insurance |
| <input type="checkbox"/> Car payment | <input type="checkbox"/> Cell phone |
| <input type="checkbox"/> Gas | <input type="checkbox"/> Property taxes |
| <input type="checkbox"/> House insurance | <input type="checkbox"/> Cable |
| <input type="checkbox"/> Water | <input type="checkbox"/> Gym membership |
| <input type="checkbox"/> Car insurance | <input type="checkbox"/> Internet |
| <input type="checkbox"/> Telephone | <input type="checkbox"/> Credit card |

TIP: Don't forget to switch over less frequent income and bills, such as tax refunds or life insurance.
